en aéronautique au Canada

May 14-16 mai 2019

Call for Abstracts

4th CASI Aerospace Manufacturing Technologies Symposium

The **CASI AERO 2019 conference** will feature about 200 technical presentations in seven streams, together with top-flight panels and keynote speakers. AERO'19 offers unparalleled opportunities for networking, collaboration and professional development to delegates from Canada and around the world.

Topics

Abstracts are sought from Canada and abroad covering all aspects of the manufacturing of aerostructures and aero engines, including but are not limited to the following:

- Advanced material removal technologies
- Composites manufacturing, joining & repair
- Metallic structure additive manufacturing, joining, forming, peening and repair
- Process modeling and simulation
- Process automation/robotization
- Real-time diagnostics & quality control
- Structural assembly

Workshops

Proposals are invited for workshops on specific topics that lend themselves to this approach. A 1000-word proposal including the subject area, contents and suggested speakers should be submitted by February 15, 2019, to Prof Éric Laurendeau, General Chair of AERO'19 at eric.laurendeau@polymtl.ca.

Abstract Submission

Submit your abstract (approximately 300 words) to: <https://www.openconf.org/aero2019/openconf.php>.

Submissions must identify all authors/organizations and include phone/e-mail contacts for the lead author.

Deadlines

Initial abstracts: February 1, 2019
Notification of abstract acceptance: February 15
Abstracts (1000 words) for student awards: April 12
Notification of student award Finalists: May 3
Full papers/extended abstracts due: June 14, 2019

Language of the conference

The language of the conference is English.

Student presentations

Student presentations in all Symposia may be eligible for the AERO'19 Best Student Presentation Award. Students who wish to be considered for this Award must submit an abstract of at least 1000 words including key results and supporting figures, and indicating student status and affiliation. Nominated finalists will give their presentations in a special Session during the Conference.

Proceedings

Proceedings will include full papers and extended abstracts. Authors who submit full papers or extended abstracts may have their submission considered for publication in the *Canadian Aeronautics and Space Journal*.

Program Committee

Behnam Ashrafi, NRC Aerospace (Chair)
Javad Gholipour, NRC Aerospace (co-Chair)
