A CASI *on-line* presentation
Une présentation *en ligne* de l'IASC

Canada's leading
aeronautics conference

La principale conférence
en aéronautique au Canada

June 14-18 juin 2021

Call for Abstracts

23rd CASI Propulsion Symposium

CASI AERO 2021 offers unparalleled opportunities for networking, collaboration and professional development to delegates from Canada and around the world. AERO'21 will be presented on-line in seven Symposia, together with top-flight panels and keynote speakers. The conference can focus on such topics as autonomous air mobility and enabling technologies that may be of interest to multiple disciplines. Proposals for joint sessions involving two or more Symposia will be considered.

Suggested topics for this Symposium

The success of the Canadian aerospace sector depends on imaginative application of existing and emerging technologies, international collaboration, and innovative management of design, manufacture, and life cycle support. Abstracts are invited on experience and advances in aircraft propulsion technologies. Topics of interest include but are not limited to:

- Conventional, hybrid and emerging propulsion systems (electric, hydrogen etc)
- Distributed propulsion system architecture and integration
- Rockets and powerplants for supersonic vehicles
- Environmental issues: ash, sand, noise, emissions
- Integration of propulsion systems into vehicles
- Diagnostics, prognostics and health management
- Durability, reliability and life cycle management
- Experience: operation, qualification, certification

Abstract submission

Abstracts should be approximately 300 words, must identify all authors/organizations, and must include phone/e-mail contacts for the lead author. [Click here to submit your AERO 2021 abstract.](#)

Language of the conference

The language of the conference is English.

Deadlines

Initial abstracts: April 7

Notification of abstract acceptance: April 20

Abstracts (1000 words) for student awards: May 7

Notification of student award finalists: May 19

Full papers/extended abstracts: June 14

Workshops

Proposals are invited for specific topics that lend themselves to this treatment. A 500-word proposal including the subject area, contents and suggested speakers should be submitted by April 7 to: General Chair, AERO'21 at aero@casi.ca.

Student presentations

Student presentations in all Symposia may be eligible for the AERO'21 Best Student Presentation Award. Students who wish to be considered for this Award must submit an abstract of at least 1000 words including key results and supporting figures, and indicate student status and affiliation. Nominated finalists will give their presentations in a special Session during the Conference.

Proceedings

Proceedings will include full papers and extended abstracts. Authors who submit full papers or extended abstracts may have their submission considered for publication in the *Canadian Aeronautics and Space Journal*.

Program Committee

James Crone, Pratt and Whitney Canada (Chair)
Billy Allan, Royal Military College (co-Chair)
